

The Eleanor B. Daniels Fund presents a program on:

Fitness and Nutrition: During and After Treatment

A Free Program for
Patients, Survivors, Family and Medical Staff

On

Friday, April 9, 2010

The Carpenter Auditorium/Given Medical Building

5:30 pm – 7:00pm

Speaker: Dr. Faith Ottery

Faith Ottery, MD, PhD, FACN, is Senior Director of Medical Affairs for Savient Pharmaceuticals, Inc. and director of clinical research in oncology, HIV/AIDS and geriatrics. Dr. Ottery developed the Patient-Generated Subjective Global Assessment of nutritional status which has become the standard nutritional assessment for oncology patients. She is the founder and president of the Society for Nutritional Oncology Adjuvant Therapy (NOAT), an international and interdisciplinary research and educational organization. She writes and lectures extensively in nutritional oncology and has her doctorate in nutritional sciences.

PLEASE JOIN US! Everyone is welcome

To register, please send an email to sdaniels2@cs.com or call 434-3979.

Walk-ins welcome, however, we'd like a count in advance, so please call!
